Offer No. 05.065- PL 12,000  
Offer No. 05.066-PL 8,000

Mr. Keith Walker  
P. O. Box 555  
Johnston, IA 50131

Dear Mr. Walker:

The New Product Evaluation Committee has designed a new Website for products that have been submitted for evaluation and have been found by the Committee to have some merit. It will include some basic product information and manufacturer contact information to enable interested parties to see what's "out there" with respect to new and innovative ways to build a highway.

Your product, PL 8000 and PL 12,000, is a specialty product that does not fit any approved product list in place at the current time. Your product will be listed on the NPE Website with a recommendation to allow its use on a project by project basis, with the understanding that approval for use will have to be obtained prior to use. Please keep the Committee informed whenever the product is used on a DOTD project, in order to keep our database up to date. Also, it will be imperative that you notify us of any changes in contact information or product availability in a timely manner to ensure the validity of the information posted on our web site. Please fill out and return the attached information sheet. You can view your product at this link [www.dotd.la.gov/highways/construction/lab/](http://www.dotd.la.gov/highways/construction/lab/).

This is a new way for the Department of Transportation NPE Committee to showcase your product to possible interested parties. Please return the attached release at your earliest convenience. If you have any questions, please feel free to contact me at 225-248-4131.

Sincerely,

J. BERTIN WINTZ, P.E.  
NEW PRODUCT EVALUATION COORDINATOR

The LADOTD New Products Evaluation Committee has reviewed your product and finds that it has merit. We would like to post your product information and our review on the LADOTD'S Materials Lab Website for interested parties to view and use. We need approval from a manufacturer's representative. Attached is a screen-shot of the basic product information and manufacturer's contact information that will be posted, if you agree. Thank you for your prompt reply.

Approval is given for posting to the LADOTD Matlab Website.

Yes, I am a manufacturer representative.

Name (Printed) \_\_\_\_\_

Company Name \_\_\_\_\_

Signature \_\_\_\_\_

Date \_\_\_\_\_

Please print this page, *sign and date it, print your name and company name*, and fax back to Theresa Taylor at 225-248-4208. If you have any questions, please feel free to contact me.
